Alexandria, VA 22313-1450

Dear Sir:

Applicants for the above-referenced application petition herewith that the name of inventor Eisenwiener is changed from Klaus Eisenwiener to Klaus-Peter T. Eisenwiener. The undersigned inventors of the above-referenced application hereby declare:

1. that Klaus-Peter T. Eisenwiener, a copy of an excerpt of whose passport is enclosed, is an inventor of the above-referenced application,
2. that, due to inadvertent error and without deceptive intent, international application no. PCT/EP01/05483 was filed designating "Klaus-Peter T. Eisenwiener" as "Klaus Eisenwiener;"

3. that, on information and belief, the error occurred as described in the accompanying statement of Arjen J.W. Hooiveld; and

4. that, on information and belief, the error was detected by staff members of the University of Basel when reviewing the inventors' declaration submitted with the Petition for Revival of international application no. PCT/EP01/05483 on May 6, 2005.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment or both, under 18 U.S.C. 1001 and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Respectfully submitted,

Inventor: Helmut R. Maecke

Statement by Arjen J.W. Hooiveld in support of petition under 37 CFR §1.182

Commissioner for Patents
P.O. Box 1450

Dear Sir:

I, Arjen J.W. Hooiveld, am an attorney with Arnold Siedsma, the law firm that handled the filing of international application no. **PCT/EP01/05483** on May 11, 2001.

I have reviewed Arnold Siedsma internal file of this application.

During my review of our internal file I noted the following with respect to the misidentification of inventor **Klaus-Peter T. Eisenwiener** as "Klaus Eisenwiener" in international application no. **PCT/EP01/05483**:

1. A power of attorney for international application no. **PCT/EP01/05483** was sent to inventor Eisenwiener designating him as Klaus Eisenwiener;

2. Inventor Eisenwiener returned the power of attorney, without correcting the error in the spelling of his name, signing it "Klaus P. Eisenwiener." The power of attorney was subsequently filed in this form; and

3. No instructions were ever given to Arnold Siedsma to correct the spelling of Inventor Eisenwiener's name.

Based on my review of the internal Arnold Siedsma file, I formed the belief that the error in international application PCT/EP01/05483 with regard to inventor Eisenwiener's name was based on a clerical error and/or oversight, but was inadvertent and made without deceptive intent.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment or both, under 18 U.S.C. 1001 and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Respectfully submitted,

Arjen J. W. Hooiveld
